Throughout the ages, Shaman have walked many paths - all leading to "Portals".
Portals are Shamanic gateways to worlds beyond our consciousness;
worlds where true healing exists and miracles happen.
Come walk the animistic and the energetic paths in tandem to amass the
knowledge and skills to create an Amopistaan - your personal animistic mesa.

This in-depth series of 9 seminars (portals) is an on-going program of theory & practical hands-on work.
The portals are designed to facilitate the successful assimilation of information and skills presented.
As the student gains and demonstrates proficiency they will be given rites of passage at each level.
Intelligent, articulate, teacher, bridge to the other side - these are all terms that
describe the mystery and the majesty of Raven.

Come meet Raven and let his black wings and bright eyes carry you from this world
into the world of timelessness where he'll coach and guide you to find that stillness within.

The "Portals" Series is open to everyone. No pre-requisites are required for any of the individual seminars.
You may attend them in any order, at any of our teaching locations. Welcome to the journey!
