PORTALS

Aapiici | Coyote

Fun-loving, mischievous trickster
Adaptable, family oriented shape shifter

Portals are shamanic gateways to worlds beyond our consciousness; worlds where true healing exists and miracles happen. Come walk with the animistic and the energetic paths in tandem to amass the knowledge and skills to create an Amopistaan – your personal animistic mesa.

This in depth series of 9 workshops (portals) is an on going program of theory and practical hands-on work. The portals are designed to facilitate the successful assimilation of information and skills presented. As you can gain and demonstrate proficiency, you will be given rites of passage at each level.

The Portals series is open to everyone, and there are no prerequisites. You may attend each Portal in any order at any of The Traveling Shaman teaching locations.
