# ELK PORTAL

## *Ponoka/Wapiti*

Immoveable. Stalwart. Self-Assured. Powerful. Elk is about standing your ground - claiming your individuality - becoming your own person. Elk is about having a clear understanding of past influences; then breaking free of them. Elk is about carving out your place in the wilderness of life... about claiming that place and making it distinctly YOURS. And while the bull is making and claiming his place in the world for himself and his community (harem), his partner is creating a nurturing community; safe under his protection. A beautiful display of the interweaving of great power and gentle caring to create BALANCE. Nature's example of the power of polar opposites!
